

Presenter's Workstation Model LI500

Designed for lecture theatres, auditoriums and training rooms where a larger workstation style lectern is required. LI500 can be custom configured for your application. Housings or cut-outs can be incorporated for AV touch screens, preview monitors and AV interface plate.

LI500 is available as standard in black powdercoat and optional in any of the Lectrum® colours. It comes complete with 2 x XLR microphone sockets and halogen reading light. Storage shelves are provided for equipment such as DVD Player and computer. The standard cabinet comes with two lockable doors. Optional logos can be supplied for the front panel.

Other options include a slide out keyboard shelf. The LI500 is supplied with 75 mm heavy duty, lockable castors for ease of movement. LI500 is shipped fully assembled.

Options Include:

- Cut-out for AV control panel
- eg. AMX® or Crestron®.
- Cut-out for LCD preview monitor.
- Slide out keyboard drawer.
- Fold down side shelf
